Every dealer and consumer as well should remember that there are just as many varieties and qualities in Fours as there are in FLOWERS. Differing as widely as between the Pure White LILY, or Rose which every one likes, and the Yellow Mustard, Dog Daisy, Dandellon or Burdock.

The MONTREAL STAR and TORONTO GLOBE, quoting the Government Report state that Beaver Valley Wheat this year excels all other pastry flour or Wister Wheats this year, testing 56 ha. to the bushel. Laddes-Favorite-Pastry Flour is made from Beaver Valley wheat, estantifically cleaned, socured, polished, ground on polshed steer lordiers.

Dealers all handle Ladies' Ravorite Pastry Flour, as they all have their customers' interest studied.

This is a most remarkable record,

Of course we know that our med-icine does benefit the large major-ity of women who take it. But-that only two out of 100 received no benefit is most astonishing.

no benefit is most stonkind; It only goes to prove, however, that a medicine specialized for certain definite aimens—not a cureall—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, cam-and does do more good than hastily prepared prescriptions.

hastily prepared prescriptions. You see, we have been making, improving and refining this medicine for over 50 years until it is apperfect and so well adapted to women's needs, that it actually has the virtue to benefit 90 out of very 100 women who lade, it.

It's reliability and, recognized efficiency has year of the seed of the province of the seed of the province who will be seed to be world—leading all others.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't beone of the 98 THE LYDIA E. PINKHAM MEDICINE CO., Cobourg, Ont. and Lynn, Mass.

To further enlarge the car's usefulness, the rear stat, back and side cushinous, seat frame and foot rest are quickly removable, giving sixty-four cubic feet of flat loading space in the rear compartment. The mentifold uses made possible by this unique feature are readily imaginod.

The top and rear quarters are of non-rumble, fabric construction, conforming with the present attractive vegue. From cord tires to cuttain cords, the fittings, inside and out, are distinctive and complete.

In fact, every detail of the car emphasizes its strik-ing adaptability to business as well as social use.

Northern Ontario Fire Sufferers!

10,000 sufferers in the fire scourged North appeal to you now for immediate relief.

10,000 men, women and little children who have lost their homes, their employment, their clothing, their property, must be fed every day, must be clothed against the rigorous cold, must be temporarily sheltered, to give them a fighting chance to get on their feet again.

The Northern Ontario Fire Relief Committee

has been put in charge of this relief work by the Ontario Government, and appeals to all Ontario to extend immediate assistance. Will Ontario's City Councils, Town Councils, all governing bodies, please take this matter under consideration at once and two tile liberal grants for relieft Will all the members of liberal-hearted Ontario business firms, and men, women and children, make immediate contributions to help their stricken North Country fellow-citizens?

A Great Calamity in the Face of

The staggering completeness of the fire calamity buffles description. The fire flend worked well night complete destruction over a mer so I about 1,600 square miles. Over 1,500 homes were destroyed, and the property loss will probably reach eight to tes million dollars. Ten thousand people are, in need of clothing, and at least temporary shelter, and all this on the verge of a Northern winter.

A Train Load of Supplies Every Day

The Northern Ontario Fire Relief Committee was at work within two hours after receipt of the ter-rible news of the holocaust. Within 24 hours the first relief train from Toronto was. In Cohalt— ready with food, clothing, tents, etc., for the saf-ferers, and every day since then a fully loaded tribution at Cobait by a committee under the dir-ection of Mr. A. J. Only "Temporary Relief"

The Northern Relief Fire Committee does not re-build homes, nor restock stores, nor excet public homes, nor restock stores, nor excet public men and women from day to day. It hopes to clothe the destitute adequately against the start, northern cold. It hopes to provide some kind of give the helpless fire sufferers at last a fighting chance to re-stabilish themselves.

From Prosperity to Ruin Will You Help?

The Dominion Government and the Ontario Government have each made initial contributions of \$100,000 to assist the fire sufferers. Scores of municipalities and public-spirited business horses and individuals throughout Ontario are asking an opportunity to assist. The opportunity is here and now.

The Long-Life Battery

The actual performance of a battery in you car and not a paper."guarantee's is what counts

Since the days of this first storage battery (which was an Exide), the Exide has been earning its reputation as the long-life battery. Ask some Exide owner—they are all about you, for more cars leave the manufacturary hands equipped with Exides than with any other ttery.

The dependable, long-lasting power of the Exide means more to you even than comfort—it means dollars and cents economy.

When you get a new car you have a right to a battery of Exide quality—in other words, an Exide Battery. In replacing an old battery in your present car, insist on an Exide and if you have any trouble in getting one, write us or our nearest district distributor.

If you don't feel warranted in baying a new Raide Sat-tery at this time, ask our mercut Service Station—be-fore you consider getting a substitute make of battery— whether your present battery cames be rebuilt with genuine Exide parts.

Go to an Official Exide Service Station for Winter Storage—it will pay you.

Makes Tea and Coffee Famous

HOUSEWIVES find that Carnation Milk is the secret of many a famous cup of tea or coffee. Carnation adds a flavor you can't get any other way. Makes wonderful cocoa and is delicious as a milk drink—add water and serve ice cold.

Carnation Milk is good because it is pure, rich milk from fine dairy cows; evaporated to the consistency of cream; then sealed in containers and sterilized. No sugar or preservatives in Carnation—just "whole?" milk.

So handy, too. You buy it with your groceries and keep it always ready. Order several tall (16 oz.) cans now—or order a case of 48 cans. Carnation Milk recipes are famous for their goodness. Write for your copy of the beautifully illustrated recipe book containing 100 new ones. It's free. Try this recipe.

CARNATION AS CREAM IN COFFEE—To give your cup of coffee an appetizing flavor with golden brown color Carnation undiluted as it comes from the container. A teaspoonful is enough—use more if desired. CARNATION TEA. Three parts hot tea. One part Carnation Milk. Sweeten to taste. A most delicious beverage,

WE EXTEND A MOST CORDIAL INVITATION TO THE PUBLIC IN GENERAL TO VISIT OUR STORE ON OPENING DAY OR AT ANY SURSEQUENT TIME. WE WILL NOT ASK ANYBODY TO BUY, BUT WE ASK A THOROUGH AND CRITICAL IN-SPECTION OF OUR STORE AND OUR STOCK.

A WORD AS TO OUR STORE

The last thing in this world that we propose to do at this time is to brag, but it can truthfully be said that in planning our new Belleville store we have tried and to a great extent have succeeded in making it one of the most attractive of its kind in the province.

Soft colors, plenty of light, attractive Wardrobes, fitting rooms and neat fixtures, display our Merchandles to give the most pleasing and accurate effects possible.

Service, satisfaction and, good Mer-chandise at popular prices is our mot-to. Any customer not completely sati-fied will convey a favor to the manage-ment by expressing their dissatisfaction which we will do our best to rectify.

A WORD AS TO OUR MERCHANDISE

There are many, many ladies stores in which one can buy Ladies' and Misses' Ready-to-Wear articles and there are Ready-to-Wear articles, and there are many prices charged for such articles. A New Achievement

BY GERHARD HEINTZMAN

The Mignon A New Art Plane For Apartments and Small Homes

Here's good news for those desiring a piano whose size is in keeping with the furnishings of their apartment or small home.

The new Mignon—essentially a Gerhard Heintzman achievement—offers them the won-derful musical qualities of Canada's greatest Piano, housed in a smaller yet distinctly heau-tiful form.

Built by the same master musicians—designed and finished by the same skilled craftsmen—the Mignon offers the same heaping value as the larger Gerhard Heintzman models. Its price is in keeping with its size.

See and enjoy it in our showrooms. There is a finish to fit in with your decorative scheme. Extended terms of payment may be arranged if desired.

A New Achievement

BY GERHARD HEINTZMAN

The Mignon—A New Art Piano For Apartments and Small Homes

Here's good news for those desiring a piano whose size is in keeping with the furnishings of their apartment or small home.

The new Mignon—essentially a Gerhard Heintzman achievement—offers them the won-derful musical qualities of Canada's greatest Plano, housed in a smaller yet distinctly beau-tiful form.

Built by the same master musicians—designed and finished by the same skilled craftsmen—the Mignon offers the same heaping value as the larger Gerhard Heintzman models. Its price is in keeping with its size.

See and enjoy it in our showrooms. There is a finish to fit in with your decorative scheme. Extended terms of payment may be arranged if desired.
